

April 3, 2025

Agency	Notice Type	Opportunity Title	Eligibility	Tag	Total Program Funds	Deadline	Notes
Department of Energy – EERE – Bioenergy Technologies Office	NOI	<a href="#">Regional Resource Hubs for Purpose-Grown Energy Crops</a>	Unrestricted	Energy Crops			If issued, this FOA will support science and engineering-based strategies and technologies to cost-effectively transform renewable carbon resources into high-quality, environmentally sustainable, conversion-ready feedstocks for biofuels and bioproducts.
Department of Energy – ARPA-E	NOFO	<a href="#">SEEDING CRITICAL ADVANCES FOR LEADING ENERGY TECHNOLOGIES WITH UNTAPPED POTENTIAL (SCALEUP) READY</a>	Unrestricted	Early stage research		Annual funding opportunity	innovative energy R&D that complements ARPA-E’s primary focus on early-stage transformational energy technologies
Department of Energy - Geological Survey	NOFO	<a href="#">Mineral Resources External Research Program</a>	Unrestricted	Critical Minerals, Extraction	\$255,000	Annual funding opportunity	
Department of Energy – ARPA-E	NOFO	<a href="#">Realize Energy-rich Compound Opportunities Valorizing</a>	Unrestricted	Recycling	\$36,000,000		Recovering critical metals and high energy-value materials like

		<a href="#">Extraction from Refuse waters (RECOVER)</a>					ammonia from wastewater.
<b>Department of Defense</b>	NOFO	<a href="#">2026 Department of Defense Multidisciplinary Research Program of the University Research Initiative (MURI)</a>	Institutes of Higher Education (IHEs)	Defense research		9/5/25	high-risk basic research at U.S. universities that fosters multidisciplinary collaboration to address complex scientific challenges critical to Department of Defense priorities.
<b>Department of Energy</b>	NOFO	<a href="#">The Circular Supply Chains Accelerator</a>	Unrestricted	Circular economy	\$12,500,000	7/18/25	Innovation in circular economy
<b>Department of Energy</b>	NOFO	<a href="#">Fiscal Year 2025 Vehicle Technology Office Program Wide</a>	Unrestricted	Vehicle Technology	\$88,000,000	6/25/25	innovation to reduce the energy and cost needed to move goods and people across the US
<b>Department of Energy – EERE</b>	NOFO	<a href="#">Fiscal Year 2025 Solar Module and Solar Hardware (SMASH) Incubator</a>	For profit organizations other than small businesses; and Small businesses	Solar	\$20,000,000	5/30/25	Innovations in solar photovoltaic (PV) manufacturing across the supply chain, with the aim of reducing U.S. reliance on imported materials and technologies.
<b>Department of Energy – EERE</b>	NOFO	<a href="#">Smart Manufacturing Technologies for Material and Process Innovation</a>	Unrestricted	Mining	\$33,700,000	11/18/24	Smart Technologies for Sustainable and Competitive U.S. Mining
<b>Department of Energy – ARPA-E</b>	NOFO	<a href="#">Inspiring Generations of New Innovators to Impact</a>	Unrestricted	Early stage research	\$10,000,000	11/15/2024	ARPA-E funds research on, and the development of, transformative science and technology

		<a href="#">Technologies in Energy (IGNIITE) 2025</a>					solutions to address the energy and environmental missions of the Department.
<b>Department of Energy – EERE</b>	NOFO	<a href="#">Fiscal Year 2024 Vehicle Technologies Office Batteries Funding Opportunity Announcement</a>	Unrestricted	Vehicle Technologies, Batteries	\$42,950,000	10/30/24 (Concepts due 9/9/24)	Development of innovative battery chemistries and component materials, reduction of cascading battery fires, and battery electrode, cell, and pack manufacturing cost reduction.
<b>Department of Defense – OSC</b>	RFI	<a href="#">Information Request on Financing Support for Covered Technology Categories-Specific to Lenders</a>		DoD Loans-Critical Tech/Supply Chain		10/22/24	The OSC is seeking information from lenders and other private credit investors regarding capital needs for industries related to the Covered Technology Categories to inform the design and implementation of the DoD Loan Program Office.
<b>Department of Defense – OSC</b>	RFI	<a href="#">Information Request on Financing Support for Covered Technology Categories-Specific to Companies and Trade Associations</a>		DoD Loans-Critical Tech/Supply Chain		10/22/24	The OSC is seeking information from companies and trade associations regarding strategic capital needs for industries related to the Covered Technology Categories to inform the design and implementation of the DoD Loan Program.

<b>Department of Energy – OCED</b>	NOFO	<a href="#">DE-FOA-0003399: ENERGY STORAGE PILOT DEMONSTRATIONS</a>	Unrestricted	Energy Storage	100,000,000	10/16/24	support technology demonstrations for energy storage solutions at the pilot-scale. The program will focus on non-lithium technologies, long-duration (10+ hour discharge) systems, and stationary storage applications.
<b>Department of Energy – EERE</b>	RFI	<a href="#">DE-FOA-0003426: RFI Microelectronics Energy Efficiency Scaling for 2 Decades (EES2) R&amp;D Roadmap — Public Feedback</a>		Microelectronics/Energy Efficiency		9/30/24	The intent of this RFI is to solicit feedback from affected stakeholders on the EES2 Initiative in general and on the draft Microelectronics Energy Efficiency Scaling for 2 Decades (EES2) Research, Development, and Demonstration (RD&D) Roadmap that accompanies this RFI.
<b>Department of Energy – FECM</b>	NOI	<a href="#">Advancing Technology Development for Securing a Domestic Supply of Critical Minerals and Materials (CMM)</a>	Unrestricted	Critical Minerals			1: Coproduction of Critical Minerals and Materials and Carbon Manufacturing Precursor Materials from Unconventional Coal and Other Carbon-based Feedstocks Area of Interest 2: Recovery of Heavy Rare Earth Elements from Secondary and Unconventional

							ResourcesArea of Interest 3: Critical Mineral Recovery from Produced WaterArea of Interest 4: Process Diversification
<b>Department of Energy – MESC</b>	NOFO	<a href="#">Bipartisan Infrastructure Law (BIL) Smart Manufacturing and Recycling Tactics for States (SMART)</a>	States, Counties, Cities	Smart Manufacturing, Recycling, includes batteries	\$63,000,000	9/16/24	Access to smart manufacturing technologies and high-performance computing resources for small- and medium-sized manufacturers by states and the recycling of batteries and battery-containing devices by states and units of local government.
<b>Department of Defense - ERDC</b>	NOFO	<a href="#">Developing biotechnologies for detection and recovery of Rare Earth Elements</a>	Gulf Coast Cooperative Ecosystems Studies Unit (CESU)	Rare earth elements	\$825,000	9/6/24	Examine approaches to increase the selectivity and affinity of biomolecules for different REE
<b>Department of Energy – AMMTO</b>	NOFO	<a href="#">Electronics Scrap Recycling Advancement Prize</a>	Unrestricted	E-scrap	4,000,000	9/4/24	Increase the production and use of critical materials recovered from electronic scrap— or e-scrap.
<b>Department of Energy – EERE</b>	Meeting	<a href="#">Critical Materials Collaborative Workshop</a>		Critical Minerals Collaborative		8/12-8/13/24	Department of Energy's (DOE) <a href="#">Critical Materials Collaborative (CMC)</a> is seeking your input on its Research Roadmap on Critical Materials for 2025-2035.

<b>Department of Energy - National Energy Technology Laboratory</b>	NOI	<a href="#">Fiscal Year 2024 Vehicle Technologies Office Batteries &amp; Electrification FOA</a>	Unrestricted	Vehicle Technologies		7/26/24	FOA will support the government-wide approach to the climate crisis by driving the innovation that can lead to the deployment of clean energy technologies, which are critical for climate protection.
<b>General Services Administration</b>	RFI	<a href="#">GSA Electric Vehicle Battery Management Strategic Plan</a>		Battery Management		7/22/24	Strategic plan for Federal Electric Vehicle Fleet Battery Management in accordance with the National Defense Authorization Act for Fiscal Year 2023.
<b>Department of Energy – ARPA-E</b>	NOFO	<a href="#">Vision OPEN 2024</a>	Unrestricted	Research	\$10,000,000	7/16/14	GHG-free abundant primary energy, An intermodal energy superhighway, carbon transition that sustainably meets demand for polymers and other materials.
<b>Department of Energy – Office of Science</b>	NOFO	<a href="#">FY 2024 Funding for Accelerated, Inclusive Research (FAIR)</a>	IHEs	Research	\$35,000,000	7/16/24	The SC mission is to deliver scientific discoveries and major scientific tools to transform our understanding of nature and advance the energy, economic and national security of the United States.

<b>Department of Energy - Advanced Research Projects Agency Energy</b>	RFI	<a href="#">Industrial Chemistry and Process Innovations to Enable Continuous, Waste-Free, Domestic Manufacture of Critical Battery Cathode Active Materials</a>	Unrestricted	Batteries		7/10/24	A potential ARPA-E program focused on leveraging material, process, equipment, and cross-supply chain manufacturing innovations to catalyze domestic production of cathode active materials (CAMs) and their precursors (pCAMs)
<b>Department of Energy – EERE</b>	NOI	<a href="#">Smart Manufacturing Technologies for Material and Process Innovation</a>	Unrestricted	Smart Manufacturing		6/28/24	Manufacturing technologies that can contribute to a resilient, responsive, leading-edge and efficient manufacturing sector that delivers the technologies needed for the nation’s clean energy transition
<b>Department of Energy – VTO</b>	NOFO	<a href="#">Fiscal Year 2024 Vehicle Technologies Office Program Wide Funding Opportunity</a>	Unrestricted	Research and Development	\$49,000,000	6/24/24	FOA will support the government-wide approach to the climate crisis by driving the innovation and deploying clean transportation technologies.
<b>Department of Energy – FECM</b>	NOFO	<a href="#">Regional Scale Collaboration to Facilitate a Domestic Critical Minerals Future: Carbon Ore, Rare</a>	Unrestricted	Research and Development	\$60,000,000	6/24/24	The planned Research and Development will provide a regional scale understanding of critical minerals prospectivity and provides insight into the

		<a href="#">Earth, and Critical Minerals (CORE-CM) Initiative</a>					potential materials that may be sourced from domestic secondary and unconventional feedstocks across the United States.
<b>Department of Energy – BETO</b>	NOFO	<a href="#">Regional Resource Hubs for Purpose-Grown Energy Crops</a>	Unrestricted	Energy Crops	\$29,000,000	6/13/23	The RD&D activities to be funded under this FOA will support the government-wide approach to addressing the climate crisis by driving innovation and deployment of clean energy technologies.
<b>Department of Energy – EERE</b>	RFI	<a href="#">Request for Information on Clean Energy Supply Chain Analysis</a>				6/10/24	This RFI seeks responses from manufacturers in the clean energy supply chain, end-use developers, labor unions, supply chain researchers, and other relevant stakeholders.
<b>DOE – OE</b>	RFI	<a href="#">Manufacturability Pre-Production Design Implications on Energy Storage Technologies</a>		Energy Storage		6/10/24	Seeks information on domestic pre-production manufacturability challenges that energy storage technology developers face when making design decisions that impact production of the technology, including scaling.
<b>DOE – ARPA-E</b>	RFI	<a href="#">Recovery of High Energy-Value</a>		Waste streams		6/5/24	Potential ARPA-E program focused on the

		<a href="#">Materials from Wastewater</a>					development of technologies to recover high energy-value materials from wastewater to reduce energy demands and greenhouse gas (GHG) emissions associated with conventional sourcing and waste stream treatment.
<b>Environmental Protection Agency</b>	NOFO	<a href="#">Advancing Sustainable Chemistry</a>	IHEs, and Public Sector	Circular Economy Chemistry	\$6,000,000	5/29/24	Research is needed on new chemical products and chemical processes that use energy and utilities more efficiently, ensure feedstocks are optimized, are strategically consumed and reused, and provide society with chemicals and manufacturing processes that are less harmful to human health.
<b>Department of Energy - Bioenergy Technologies Office</b>	NOFO	<a href="#">Inflation Reduction Act Funding for Advanced Biofuels</a>	Unrestricted	Biofuels, Bioeconomy	\$9,400,000	5/24/24	This FOA also supports high-impact technology R&D to accelerate the bioeconomy. BETO is focusing on applied RD&D to improve the performance and reduce the cost of biofuel production technologies and scale-up production systems

							in partnership with industry.
<b>DOE- ARPA-E</b>	RFI	<a href="#">FUTURE INNOVATION NEEDS FOR RESPONSIBLE MINING OF CRITICAL MINERALS (FIRM-CM)</a>		Research		5/14/24	Solicit input for potential future ARPA-E research programs focused on innovative technologies and approaches for resource exploration, discovery, appraisal, mining, and processing of critical minerals.
<b>DOE – Office of Manufacturing and Energy Supply Chains</b>	RFI	<a href="#">Notice of Request for Information (RFI) on Critical Materials Market Dynamics</a>		Critical Minerals Market Dynamics		30 days after publishment in the federal register	Office of Manufacturing and Energy Supply Chains seeks public comment on market dynamics for critical materials, including non-competitive practices and price volatility, to identify potential ways DOE can help address these concerns.
<b>Department of Defense – NAVY</b>	NOI	<a href="#">OSD A&amp;S Battery Supply Chain Risk Mitigation Projects</a>		Battery Supply Chain		5/7/24	The purpose of this upcoming RFS is intends to address supply chain risks by soliciting development, prototyping and demonstration efforts to help mitigate potential problems through application of modernized, advanced manufacturing technologies across

							four focus areas: critical battery materials, critical battery components, critical processes assessment and mitigation, and battery development and prototyping.
<b>Department of Energy – ARPA-E</b>	NOFO	<a href="#">Plant HYperaccumulators TO MIne Nickel-Enriched Soils (PHYTOMINES)</a>	Unrestricted	Phytomining	\$10,000,000	5/7/24	Technological development of phytomining in the United States that could complement current and future domestic sources of nickel and catalyze phytomining of critical minerals beyond nickel.
<b>Department of Energy – AMMTO</b>	NOFO	<a href="#">Platform Technologies for Transformative Battery Manufacturing</a>	Unrestricted	Batteries	\$15,700,000	5/7/24	This FOA will support activities to advance platform technologies that enable flexible, scalable, and highly controllable battery manufacturing processes.
<b>Export-Import Bank of the US</b>	RFI	<a href="#">Information Request on Financing Support for Critical Minerals Projects</a>		Financing		5/6/24	EXIM seeks information on the financing gaps faced by project sponsors, users of critical minerals, and suppliers to critical minerals projects.
<b>Department of Energy – EERE</b>	NOFO	<a href="#">Bipartisan Infrastructure Law</a>	Institutions of higher education, for-profit	Recycling, Supply Chain, Research and Development	\$37,000,000	4/19/2024, concept papers due 2/7/2024	This BIL section is focused on research, development, and demonstration of:

		<a href="#">(BIL) FY23 BIL Electric Drive Vehicle Battery Recycling and Second Life Applications</a>	entities, nonprofit entities, state and local government entities, US territories, Tribes				<p>1.Second-life applications for electric drive vehicle batteries that have been used to power electric drive vehicles; and</p> <p>2.Technologies and processes for final recycling and disposal of electric drive vehicle batteries</p>
<b>Department of Energy – Office of Science</b>	NOFO	<a href="#">Small Business Technology Transfer (SBIR/STTR) program</a>	small, independent United States (U.S.) businesses	Small business,	\$65,000,000	LOI due 2/2 and full applications due 3/12	Clean Energy Research and Development. Including in Critical Minerals. The full list of topics can be found <a href="#">here</a> .
<b>Department of Energy – ARPA-E</b>	NOFO	<a href="#">Catalyzing Innovative Research for Circular Use of Long-Lived Advanced Rechargeables SBIR/STTR (CIRCULAR SBIR/STTR)</a>	Small Businesses	SBIR: Circular Economy, Rechargeables	\$30,000,000	3/12/24	Small businesses only: Translate the definition of a circular economy to the domestic EV battery supply chain by supporting the development of innovative solutions that can overcome both the technological and economic barriers to broad commercial adoption.
<b>Department of Energy – ARPA-E</b>	NOFO	<a href="#">Catalyzing Innovative Research for Circular Use of Long-Lived</a>	Unrestricted	Circular Economy, Rechargeables	\$30,000,000	3/12/24	Translate the definition of a circular economy to the domestic EV battery supply chain by supporting the development of

		<a href="#">Advanced Rechargeables (CIRCULAR)</a>					innovative solutions that can overcome both the technological and economic barriers to broad commercial adoption.
<b>Department of Energy – AMMTO</b>	NOFO	<a href="#">Re-X Before Recycling Prize</a>	Individuals, teams of individuals, private entities (for-profits and nonprofits), and nonfederal government entities (such as states, counties, tribes, municipalities, and academic institutions).	Recycling, Remanufacturing	Up to \$4.5 million in total cash prizes and \$1.1 million in national laboratory analysis consultation and technical assistance.	3/12/2024	This three-phase competition is designed to develop innovative ways to extend the lifetimes of products or parts via re-using, repairing, refurbishing, remanufacturing, or repurposing (“Re-X”) before recycling.
<b>Department of Energy - Battelle Alliance</b>	Licensing	<a href="#">Nickel &amp; Cobalt Recovery from Waste Lithium-Ion Batteries</a>		Batteries		2/27/2024	
<b>Department of Energy - OCED</b>	NOI	<a href="#">Notice of Intent: Distributed Energy Systems Demonstrations</a>		Energy System	\$50,000,000	1/29/2024	
<b>Department of Energy – MESC</b>	NOFO	<a href="#">Bipartisan Infrastructure Law (BIL) Battery Materials Processing and Battery Manufacturing</a>	Individuals, Institutions of higher education, National Laboratories,	Battery Materials, Supply Chain, Battery Manufacturing	\$3,500,000,000	<b>Concept Papers Due 1/9/2024;</b> due 3/19/2024	Areas of Interest: 1.Commercial-scale Lithium Separation from Domestic Sources 2.Commercial-scale Domestic Recovery of

			Nonprofit and for-profit entities, State and local governments , Consortia of entities described above.				<p>Battery Critical Minerals (non-Lithium)</p> <p>3. Commercial-scale Domestic Processing of Battery Material Precursors</p> <p>4. Commercial-scale Domestic Manufacturing of Battery Cathodes and Anodes</p> <p>5. Commercial-scale Domestic Production of Electrolyte Salts and Electrolyte Solvents</p> <p>6. Commercial-scale Domestic Production of Cell Manufacturing for Small and Specialized Markets</p> <p>7. Commercial-scale Domestic Production of Non-Lithium Based Battery Cell and Systems</p> <p>8. Open Topic</p>
Department of Energy – AMMTO	NOFO	<a href="#">Critical Materials Accelerator</a>	Institutions of higher education; For-profit entities; Nonprofit entities; and State and local governmenta l entities and	Critical Minerals, Supply Chain, Processing, Manufacturing, Clean Energy	\$10,000,000	Concept papers due 1/5/2024, full applications due 3/22/2024	This FOA solicits proposals that advance innovation to realize the Department’s critical minerals and materials vision of a reliable, resilient, affordable, diverse, sustainable, and secure domestic supply chains for the clean energy

			federally recognized Indian Tribes.				economy. Projects funded under this FOA will de-risk innovation and mature technology development in partnership with industry.  Topic 1 – Use of Magnets with Reduced Critical Materials Content Topic 2 – Improved Unit Operations of Processing and Manufacturing of Critical Materials Topic 3 – Critical Material Recovery from Scrap and Post-Consumer Products Topic 4 – Reduced Critical Material Demand for Clean Energy Technologies
Department of Energy - NETL	NOFO	<a href="#">STORAGE INNOVATIONS 2030: TECHNOLOGY LIFTOFF</a>	Unrestricted	Research and Development	\$15,000,000	12/4/2023	
Department of Energy - NETL	NOI	<a href="#">Domestic Manufacturing Conversion Grants</a>	Independent School Districts	Manufacturing		11/30/2023	
Department of Energy - EERE	NOFO	<a href="#">Battery Research and Development Consortium</a>	Higher Education, For-Profit,	Batteries	\$60,000,000	11/29/2023	

			Non-Profit, State/Local/T ribal Gov't, DOE/NNSA FFRDCS, Federal Agencies not DOE				
<b>Department of Energy - SETO</b>	NOFO	<a href="#">Materials, Operation, and Recycling of Photovoltaics (MORE PV)</a>	Unrestricted	Solar	\$20,000,000	11/28/2023	
<b>Federal Permitting Improvement Steering Council</b>	Rule and Request for Comments	<a href="#">Revising Scope of the Mining Sector of Projects That Are Eligible for Coverage Under Title 41 of the Fixing America's Surface Transportation Act</a>	Unrestricted	Critical Minerals, Mining, Supply Chain		11/22/2023	Request for comment on a proposal to revise the scope of “mining” as a sector with infrastructure projects eligible for coverage under Title 41 of the Fixing America's Surface Transportation Act (FAST-41) to: (1) apply solely to critical minerals mining projects; and (2) expand the scope of the sector to include infrastructure constructed to support critical minerals supply chain activities, including critical minerals beneficiation, processing, and recycling.

<b>Department of Defense – DARPA</b>	RFI	<a href="#">Open Price Exploration for National security (OPEN)</a>	Unrestricted	Critical Minerals, Pricing		<b>11/20/2023</b>	DARPA is soliciting approaches to address challenges in the following areas: metals and rare earth minerals pricing; input costs to metals and rare earth minerals extraction and refining; supply and demand curve estimation and forecasting; quantitative industrial organization, game theory, and mechanism design.
<b>Department of Energy - NETL</b>	NOI	<a href="#">Notice of Intent DE-FOA-0003159 to issue Funding Opportunity Announcement DE-FOA-0002614 titled Carbon Management (Round 4)</a>	Unrestricted	Carbon Management		<b>11/18/2023</b>	
<b>Department of Energy - EERE</b>	NOFO	<a href="#">Silicon Solar Manufacturing, and Dual-use Photovoltaics Incubator</a>	For-Profits	Solar	\$45,000,000	<b>11/14/2023</b>	
<b>Lawrence Livermore National Laboratory (LLNL)</b>	Special Notice: Partnership Request	<a href="#">Opportunity Notice for parties interested in being cost share partners with LLNL under Funding Opportunity DE-FOA-0003105: Critical Materials Innovation,</a>	Industry Partners who are USA incorporated and have a USA base of operations and are willing to	Critical Minerals, National Laboratory		<b>11/10/2023</b>	Companies interested in partnering with LLNL should reach out to them well before the FOA due date indicating their interest, a point of contact and a description of their

		<a href="#">Efficiency, and Alternatives</a>	meet cost share requirements and establish longer term collaborative relationships via future collaborative agreements.				expertise relevant to the FOA.
<b>Department of Energy - GFO</b>	NOI	<a href="#">Notice of Intent to issue Critical Materials Accelerator Funding Opportunity Announcement</a>	Unrestricted	Clean Energy Technology, Clean Energy Production		11/10/2023	Areas of Interest: Critical Material Lean/Free Magnets for Clean Energy Technologies, Motors and Drivetrains using Critical Material Lean/Free Magnets, Improved Unit Operations of Processing and Manufacturing of Critical Materials, Critical Material Recovery from Scrap and Post-Consumer Products, Reduced Critical Material Demand for Clean Energy Technologies
<b>Department of Energy</b>	NOFO	<a href="#">BIL 41003c-Critical Material Innovation, Efficiency, and Alternatives</a>	Unrestricted	Critical Minerals	\$150,000,000	11/10/2023	CMM Supply Chain, Value Added Products, Next Generation Technologies, Alternative Materials, Alternative Products

<b>Department of Defense - WHS</b>	NOFO	<a href="#">OSD ManTech Program, Manufacturing Education and Workforce Development</a>	Non-profit institutions, institutions of higher education, state and/or local educational agencies, or consortia of such institutions and/or industry with national reach	Manufacturing Education, Workforce Development	\$18,000,000	11/6/2023	Promotion of education and training of the defense manufacturing workforce
<b>Department of Energy - NETL</b>	NOI	<a href="#">NOI: Bipartisan Infrastructure Law 40207(b) Battery Materials Processing and 40207(c) Battery Manufacturing Grants Round II</a>	NOI only; will be included in FOA.	Battery Processing, Battery Manufacturing		10/31/2023	
<b>Department of Energy - NETL</b>	NOFO	<a href="#">Advanced Processing of Critical Minerals and Materials for Industrial and Manufacturing Applications</a>	Unrestricted	Critical Minerals, Manufacturing, Development, Coal	\$30,000,000	10/20/2023	
<b>Department of Energy - NETL</b>	NOI	<a href="#">Regional Initiative for Technical Assistance Partnerships (RITAP) to Advance Deployment of Basin-Scale Carbon Transport and Storage and</a>	Unrestricted	Carbon Transport and Storage	\$20,000,000	10/17/2023	

		<a href="#">Community Engagement</a>					
Department of Energy - NETL	NOFO	<a href="#">Energy Storage Demonstration and Validation</a>	Unrestricted	Energy Storage Systems	\$15,000,000	10/4/2023	
Department of Energy	RFI	<a href="#">Launching a Responsible Carbon Management Initiative</a>		Carbon Mangement		9/11/2023	
Department of Energy - EERE-MESC	NOFO	<a href="#">Front-End Engineering and Design Studies for Production of Critical Minerals and Materials from Coal-Based Resources</a>	Unrestricted		\$32,000,000	9/11/2023	<a href="#">Press Release Linked Here</a>
Department of Energy - EERE-MESC	NOFO	<a href="#">CONSUMER ELECTRONICS BATTERY RECYCLING, REPROCESSING, AND BATTERY COLLECTION</a>	Institutions of higher education, For-profit entities, Non-profit entities, State/Local/Tribal Gov't	Batteries	\$125,000,000	9/8/2023	
Department of Energy	NOI	<a href="#">Notice of Intent to Issue Funding Opportunity Announcement: Critical Material Innovation, Efficiency, and Alternatives Funding Opportunity Announcement</a>	Unrestricted	Critical Materials, Demonstration	\$150,000,000	8/28/2023	FECM plans to issue the FOA on or about September 2023 via the Grants.gov website.
Department of Energy -	RFI	<a href="#">DE-FOA-0003130: REQUEST FOR INFORMATION FOR</a>	Unrestricted	Manufacturing, Demonstration, High-		8/25/2023	The intent of this RFI is to better understand the perceived value of

Advanced Materials and Manufacturing Technologies Office (AMMTO) and the Fossil Energy and Carbon Management Office (FECM)		<a href="#">ACCESS TO HIGH PERFORMANCE COMPUTING RESOURCES AT DEPARTMENT OF ENERGY NATIONAL LABS</a>		Performance Computing			high-performance computing (HPC) capabilities to manufacturers and the experiences of companies that have interacted with the High Performance Computing for Energy Innovation (HPC4EI) program.
Department of Energy - ARPA-E	NOFO - Concept Papers	<a href="#">DE-FOA-0003118: REVOLUTIONIZING ORE TO STEEL TO IMPACT EMISSIONS SBIR/STTR (ROSIE SBIR/STTR)</a>	Unrestricted	Iron, Demonstration	\$35,000,000	Concept Paper Due 8/8/2023	The program will have two categories:  Category A includes processes from ore to ironmaking. Category B must include ironmaking but can extend to downstream steel production.
Department of Energy - ARPA-E	NOFO - Concept Papers	<a href="#">DE-FOA-0003117: REVOLUTIONIZING ORE TO STEEL TO IMPACT EMISSIONS (ROSIE)</a>	Unrestricted	Iron, Demonstration	\$35,000,000	Concept Paper Due 8/8/2023	The program will have two categories:  Category A includes processes from ore to ironmaking. Category B must include ironmaking but can extend to downstream steel production.
Department of Energy - LPO	Rule	<a href="#">Loan Guarantees for Clean Energy Projects</a>				7/31/2023	Date that comments close
Department of Transportation	RFI	<a href="#">Potential Research and Development</a>		Renewable Energy,		7/28/2023	

		<a href="#">Areas of Interest for the Advanced Research Projects Agency-Infrastructure (ARPA-I): Request for Information</a>		Innovative Infrastructure
